Ten new songs by yourself and Leonard is a favourite of mine and your solo album, well that is up there with any of the great Soul R&B giants.

I have been moved to tears at the concerts and would like to thank you for the music and bringing to Leonards music a depth and stillness that says a lot about your working relationship together, a true meeting of the spirits.

When the tour is over you probably will want to rest but please come to the uk with your album, I am really looking forward to hearing it live.

You and the Webb's complete the man. I have promoted shows for over 30 years and it's one of the best I've ever seen. I did LC's show the last time he was here. In fact, we did a pre-show press tour and spent an entire day riding around in a limo to 9 press interviews. That was back when we were both just "young kids with a dream". Enjoy your tour. I hope that one day I'll be doing a Sharon Robinson show.

E-mail: [meghangantz@gmail.com](mailto:meghangantz@gmail.com) Sharon, It was a pleasure meeting you at the Minneapolis show a few days ago. I was the girl from Chicago, who spoke to you at breakfast. I've been listening to Mr. Cohen since I was three years old. I didn't get a chance to squeak out more than a hello to Mr. Cohen (forgot how to speak at that moment), but it was amazing just to be in his presence, as well as yours and the rest of the band's. You have the voice of angel -the show really couldn't exist without you - nor would some of my favorite songs. Thank you for the wonderful performance and one of the most memorable experiences of my life. There are so many people who are so thankful for this tour. My mother is one of them (she's who has had me listening to this music for the past 20 years) and was so incredibly impressed with the show that she can't stop talking about it. Thanks again and all the best for the rest of the tour.

Everybody Knows is superb. And quite a gutsy move to do your own take on the masterpiece, Alexandra Leaving. You do it justice and your arrangement stands on its own.

I recommend that you get a Facebook page through which you can make announcements of upcoming concerts, releases, or activities that may interest your patrons and fans.

Thank you for your great contribution to music.

Our dream won't be believed.  
How we are or how we've been.  
The underground's beneath this world.  
Rage swallowed leaves your stomach curled.  
All the workers lost beneath memory  
Resurrected in the mind's remembering.  
The mourner's yet shall overcome  
Time's great strike still left undone. It's a wonderin' world  
We're wanderin' through  
Each one so purposeful  
'Gainst the ALL in you.  
Who could believe the Power  
Walked out on short an hour.  
Steppin' out on an Uptown Girl,  
Every Yuppie's Mother of Pearl.  
Dive into the breath of Atlantis  
Deeper than Dixieland blew Katrina's  
Horns against Poseidon's breach  
None worth saving reached.

Down Ste Suzanne Street  
We pour like a river  
In her cupped hands  
Drunk from her lips.

And you want her paradise  
To carry you on forever  
Beyond within her wisdom  
In expectancy together.  
Wanting only touching of your mind

Through Ste Suzanne St  
Passion passes like purgatory  
Atoned in her forgiveness  
On her torrential mission  
Ste Suzanne St's gutters  
Flow with patron saints  
On missions of accord  
Brought to her knees

And you want>>>>

Ste Suzanne Street's infinity  
Of Mercy's enduring marathon

Queued worshipful faithful  
At the selfish idol homage  
Made of stone

And you want>>>

It was my daughters 31 st Birthday Dinner and i was at your show with Mr Cohen, i dont regret a second of time and I harbour no guilt as I was in the presence of greatness for three unforgettable hours, three hours that will be replayed over and over in memory long after I have left this earthly form. Thank you Ms Sharon and thank you for being part of Leonard Cohens world.Jeff the poet.

I absolutely loved the concert; to hear and see Leonard perform after all these years was just wonderful. To hear you, of your collaboration with Leonard Cohen was wonderful and prompted my 'investigation' on line. I discovered more about your musical career and pathway and the incredible influence you have had on so many who have sung your songs. Thank you for the joy that I feel tonight.

I have always thought the backing vocals on Mr Cohens music are the perfect compliment to his songs, always restrained yet powerfull you were magnificent.

I am still under the feeling of content,after attending Lewonard Cohen,s show on June 24th.I have never been to such a perfect show in my life.

The first time i really paid attention to your unique voice was when I heard The letters.When you come in with the line ::Your story was so long..etc I was dazzled.I played it again and again and from that moment on I looked at all the CDs to see your name and pay attention to the back vocals.

I really wished the Montreal Jazz festival would invite you if they never did.Maybe I missed your performance for not knowing you.

If you should ever sing in Montreal,try to meet Kim Richardson to have her sing with you.This would be a pure delight.

I love the way we enter on your site.I feel you are going to feed us with a good Earl Grey tea.

Have a wonderful time on the tour with Leonard.

The new songs I heard on Myspace are fantastic and I look forward to your new album when it is released. I hope the Leonard Cohen tour helps remind people of your amazing singing/songwriting so your album gets the publicity and sales it deserves.

As a Cohen fan, I thank you for all the superb work you have done with him over the years - I look forward to seeing you both at the O2 Centre, London in July. Very best wishes

"Dear Sharon, your contributions to Dear Heather are exquisite. Will there ever be an album of your own work to enjoy? Thanks for the trance-like beauty of your melodies and voice."

"I'm not worried: One day Sharon will release her own musical statement and the wait will have been worthwhile....."

I'm listening to the 3 preview tracks on MySpace now.....the wait has been worthwhile!

The tracks are beautiful. Await the full opus eagerly!

The depth of the songwriting is significant, and the performances are flawless. Congratulations and thank you.
